

ROARING CAMP

& BIG TREES NARROW-GAUGE RAILROAD

FELTON • SANTA CRUZ COUNTY • CALIFORNIA • 95018 • (408) 335-4484

September 17, 1970

Mr. Lowe Ashton
Post Office Box 69
Heber City, Utah 84032

Dear Mr. Ashton:

I was happy to talk with you yesterday about your proposed recreational railroad operation in Utah.

From the information provided over the telephone, it would be my opinion that you are not subject to Interstate Commerce Commission regulations.

Most recreational railroads can be exempted from State Public Utilities regulation. I am not totally familiar with the Utah Public Utilities Law but I believe that, with proper planning to avoid problems, exemption from State Public Utilities regulation could be obtained for your proposed recreational railroad operation.

I am enclosing a note on Consolidated Research Corporation and will be happy to be of further assistance if you feel that the services of CRC can aid your project.

Thank you for calling.

Sincerely,

F. N. Clark
President

ROARING CAMP

A NEW TRAIL TO THE MOUNTAIN

THE NEW TRAIL TO THE MOUNTAIN

January 17, 1970

Dear Mr. [Name]

Post Office Box 100

Northridge, Calif. 91329

Dear Mr. [Name]:

I was happy to tell you about your
proposal for a new trail to the mountain in 1968.

From the information provided about the proposed trail,
it is my opinion that you are not to be disappointed.
The proposed trail is feasible.

From your original estimate, it can be expected that
the proposed trail will be completed in 1971. I am not totally
satisfied with the proposed trail as it is a bit
long. It is better to avoid problems, however,
and take the proposed trail as it is. It is better
to have a proposed trail than no trail at all.

I am enclosing a copy of the proposed trail
map. It is my hope that you will be satisfied with the
proposed trail. It is my hope that you will be satisfied with the
proposed trail. It is my hope that you will be satisfied with the
proposed trail.

Yours truly for the trail,

[Signature]
